DETAILED ACTION

Claims 38-46 are pending in the instant application.

Amendments

The amendment filed on September 17, 2008 has been acknowledged and has been entered into the application file.

Previous Claim Objections

Claims 1-19 were previously objected to for containing elected and non-elected subject matter. The claims have been cancelled in favor of new claims, therefore the objection is withdrawn for those claims. However, new claim 43 still contains non-

elected subject matter with compounds such as on the second line of page 7 of the amendment. So an objection will be made to claim 43 below.

Claim Objections

Claim 43 is objected to because of the following informalities: blank spaces in the table used to show the compounds and omission of the word "and" between the last two compounds. Appropriate correction is required.

Claims 43 and 46 are objected to for containing elected and non-elected subject matter. The elected subject matter has been identified in the previous action.

Conclusion

Claims 38-42, 44, and 45 are allowable. Claims 43 and 46 are objected to.

This application is in condition for allowance except for the following formal matters:

the objections listed above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
